After Hours Event

Hello Chamber Members! We are so thankful to have you as a part of this community of Granger. As many of you know we have a regular Chamber of Commerce luncheon at 12pm on the 1st Wednesday of each month at KDNA. As business leaders we understand that getting away for an hour in the middle of the day is not always possible. Therefore, we are reaching out to you for some feedback. The Chamber Officers and Board are working on some ways for Chamber members to connect and get to know each other.

One of the ideas we are considering is an "After Hours" event. This event would be held at a local business from 6-7 pm and would feature some light snacks and beverages while providing you with an opportunity to meet other local business & community leaders. We would love to hear how we can better support you and your business.

If this is something that would interest you please contact the Chamber (509) 854-7304 or via email at grangerchamber@gmail.com so we can decide if we can move forward with this event. Thank you again for your partnership with the Granger Chamber of Commerce. We are working to make Granger a stronger community for businesses and families.

City Council Candidate Forum

The Chamber of Commerce is excited to be hosting a community forum with the three candidates for City Council Position 5. This event will be held at KDNA/NCEC on July 30th at 6pm. This forum is designed for the community to be able to meet with and hear from candidates running for this position. If you have questions for the candidates you may submit them ahead of time to GrangerChamber@gmail.com or by calling (509) 854-7304. All questions must be submitted in a way that EACH candidate is able to answer. Questions aimed specifically at one candidate will not be allowed. If you wish to ask a question at the forum a panel will be present to preview the questions before they are asked. Light refreshments will be served at this event. We hope you plan on attending this event and even more importantly, VOTE in the election.
